# Master of Science in Electrical Engineering

**1) RENEWABLE ENERGY SYSTEMS**

**2) Double – Degree (DD) Programme**

In cooperation with

**Irkutsk National Research Technical University (INRTU), Irkutsk, Russia**

**1) Renewable Energy Systems** – The programme is focused on new and challenging issues of renewable energy sources, their technology and integration into power networks, including also the courses related to power electronics, power quality and electromagnetic compatibility, numerical methods, protection and control of networks with distributed generation.

**More information:** <http://weny.pwr.edu.pl/en/students/programme-of-studies>

**2) Double – Degree** is an optional programme in addition to the standard full 4 semester Master Programme in Wrocław. DD is based on a bilateral agreement between the Wrocław University of Science and Technology and the partner university. Master Programme requires a parallel admission process performed simultaneously at both partner Universities. Therefore the list of required documents, registration to admission systems depends on the individual rules of the partner Universities. Final acceptance to the DD programme is achieved on when accepted by both partner Universities.
