

Schedule of defences of Master's Thesis at the Faculty of Electrical Engineering in the summer semester 2023/2024

The student, with the promoter's approval, enters the thesis into the anti-plagiarism system:

Until June 25th, 2024

Promoter, after reading the report from the anti-plagiarism system, indicates a reviewer, prepares an opinion (review) and enters the grade in the USOS system

Until July 1st, 2024

The student submits the diploma thesis, positively assessed by the supervisor and reviewer, together with a set of documents by the deadline:

Electrical Engineering students: **Until July 5th, 2024**

Diploma examinations
will be updated soon

Important

Only graduates who submit a complete set of documents to the dean's office within the prescribed period will be referred for defence.
